

Casino Night 2017

The Folsom Cordova Education Foundation (FCEF) is seeking donations to support its upcoming Casino Night Benefit, to be held on March 18, 2017 at the Folsom Community Center. FCEF is a local non-profit organization created to provide support for and sustain high quality educational and supplemental programs for students who attend the Folsom Cordova Unified School District (FCUSD).

The FCEF supports programs that align with our district's goals and priorities. FCEF funding priorities include programs that promote: Literacy and Reading, STEAM (Science, Technology, Engineering, Arts and Mathematics), College and Career Readiness, and Parent and Community Involvement in our schools. Last school year the FCEF awarded over twenty five thousand dollars in grant funding to support students and schools throughout our district.

We believe student success requires a collaborative effort. Our priorities include engaging our community in our efforts to support student success. Casino Night is the FCEF's major event, we are counting on our community to help us to continue to provide opportunities and programs for our students that will help them succeed in school. Please see the attached information for details on sponsorship packages. In addition to event sponsors we are also in need of raffle and silent auction prize donations. Any donation is greatly appreciated. Thank you for your support.
